Becky,

Enclosed is a letter and an attachment that's for Rick Karl's signature, regarding the former King Mill property currently owned by Kalamazoo Metal Recycling. They are building fences around the property and grading the overall facility to use for truck storage. The purpose of the letter is to approve of their construction activities at a Superfund site, and make them aware that they should not further disturb the area in the vicinity of two former waste lagoons.

Please let me know if you have any comments.

Thanks
Jim
